

Apprentissage des langues

Anki - logiciel cartes mémoire (Flashcard)

Anki gère et vous présente des cartes mémoire, utilisant un système de « révision active » pour fortifier la mémoire. Les cartes mémoires peuvent contenir des textes simples, mais aussi des images, audios ou vidéos.

"Anki est un programme qui vous aidera à apprendre plus facilement, beaucoup plus efficacement qu'avec des méthodes traditionnelles."

Référez-vous à la page de téléchargement (<https://apps.ankiweb.net/>^[1], en anglais, cliquer sur Download), et au Manuel de l'utilisateur^[2].

Méthode participant progressant (GPA - Growing Participator Approach)

Un système que plusieurs personnes ont trouvé utile pour l'apprentissage des langues.

Voici un site Web^[3] (en anglais) avec des informations, y compris la première partie : Connexion^[4], qui contient un guide en 14 langues^[5], y compris le français^[6].
